The year 2002 marked a turning point for the Alliance as its unique repertoire gained international recognition

UHDA instructors instilled a sense of confidence and pride in our at-risk youth, by celebrating the customs, history, and traditions of the diverse cultures of Latin America

Not only will the audience experience the sounds and flavors of Mexico in our performances, but will also witness the traditions of Bolivia, Chile, Puerto Rico, and many other Latin American countries.

Founded in 2000, the UHDA is a 501(c) 3 non profit organization
